AT SEA.

"June 10-John Saunders, able seaman,
died and was buried at sea."—Log of
schooner Marian Ellis.

He died on the sea that fathered him—
Where he'd toiled for his daily bread,
And the men of the ship gave berth to
him
And the spot where they found him
dead.

'Twas dark, bad luck that followed them—
They thought of the next to go,
And they cursed and wept o'er their old
shipmate,
Who had died and left them so.

In the deep, still sea they buried him
At the time when the daylight died;
A few short words were read o'er him
Ere they launched him from the side;
And no one knew of the life of him
They laid to his last long sleep—
Or the hope, or the love, or the strife of
him
They gave to the hungry deep.

He'll rest for aye in the sea he loved,
And he'll hear and he'll mark full well
The thresh of the laboring cargo tramp
And the sound of the sunset bell;
When the waters rave 'twill waken him—
He'll sing to the wavelets' croon
The songs that he sang in the sailing days
Under the wan full moon.
H. M. AYRES.

The China got away for the Coast at
6:30 o'clock last evening. Captain Ber-
ger and the Government band assisted
in starting her from her moorings and
the music kept the waiting crowd in
good humor. The vessel was scheduled
to leave port at 5:30 o'clock and the
gang-plank was guarded by quarter-
masters after that hour preventing
further goodbyes on deck. Leis were
prodigal and those kamaainas leaving
Honolulu for a trip abroad were so
beckoned as to resemble flower mounds.
A large number of persons came to
send the returning missionaries from
China God-speed on their journey.
Most of them had been guests of
church-going people of this city during
their stay. The passenger list from
Honolulu was a large one.

MAUNA LOA BRINGS SUGAR.

The Mauna Loa came in at 7 o'clock
yesterday morning from Lahaina, Ko-
na and Kau, with a fair passenger list.
One hundred and seven deck passen-
gers were landed. Sugar was her prin-
cipal cargo. The following freight was
brought in yesterday: 10,392 bags sug-
ar, 184 bags coffee, 64 bunches bana-
nas, 4 bundles tobacco, 10 bundles hides,
26 kegs butter, 12 hogs, 1 horse, 165
packages of sundries.

Purser Tuft's report for the trip is
as follows: Left 1,247 bags of sugar at
Punaluu and none at Honuapo. Naa-
lehu had 5 1/2 inches of rain and Pahala
about the same. It was impossible to
work Thursday night and Friday on
account of the downpour. At Hama-
kua there were 3,000 bags at H. S. Co.
and 2,700 at P. S. M. They have had a
little rain. Weather rough. Passed
the Noeau at Lahaina. Her last boat-
load of freight was leaving the steamer
when we left at 12:03 a. m. The Upolu
was at Kailua when we left that place.
The Surprise was discharging.

CHINESE FOR HONOLULU.

Fifty-nine Chinese and Japanese
were taken off the China yesterday af-
ternoon and sent to Quarantine Island
on the old lighter used for that pur-
pose. The Orientals were compelled to
go over the side of the big vessel and
many amusing sights were witnessed
during the trying period of descending
a rope ladder for twenty feet. The per-
sonal effects were pitched bodily over
the side into the hold of the lighter.
The Chinese were loth to try the ladder
with their shoes on and a fusillade of
felt-soled slippers toward the boat fol-
lowed after the first man attempted it.
A Japanese endeavored to make the
descent burdened with an umbrella, a
wicker basket and extra pair of shoes
slung over his shoulders and two tow-
els, one of which he held in his mouth.
He was joked unmercifully by the Chi-
nese who watched his clumsy move-
ments. When he reached the lighter he
had none of his belongings except the
towel held by his teeth. The women
were lowered in the strong arms of a
quartermaster and carefully deposited
on a mass of bundles. A downpour of
rain completed the general discomfort
of the Orientals and wet their effects
through.

WESTON IN PRISON.

YOKOHAMA, August 10.—We learn
that Mr. J. R. Weston, second engineer
of the steamer Victoria, who was re-
cently sentenced to seven days deten-
tion by the Yokohama Ku Saibansho on
a charge of having assaulted a Japa-
nese on board the ship, has bandoned
his intention to appeal, and is now un-
dergoing the term of his sentence at
the Kagacho police station.

ADDITION TO THE N. Y. K. FLEET.

YOKOHAMA, August 10.—The latest
addition to the N. Y. K. fleet of steam-
ers is the Shinano Maru, just arrived
from England. She was built in Glas-
gow, by Henderson Bros., and is a
splendid specimen of modern ship-
building. The Shinano's dimensions
are, length 448 feet, beam 50 feet,
draught 26 feet. She has twin screws,
triple expansion engines and a speed of
16 knots. Her registered tonnage is
2,835, and her gross is 6,000. She has
9,392 tons cargo capacity. There is ac-
commodation for thirty-six first-class
passengers, but no second or third
class.

An American transport with 285
horses arrived at Bakan on the 4th in-
stant.

The transport Swatow, which was re-
cently floated, arrived at Ujina on night
of the 4th instant.

A Russian volunteer steamer called
at Nagasaki on the 4th instant, carry-
ing 1,063 emigrants from Odessa.

We learn that it is the intention of
the Russian volunteer fleet authorities
to run their steamships Nijni Novgorod
and Tambov as regular mail boats be-
tween Nagasaki, Port Arthur and
Vladivostok in the near future.

PAY FULL DUTY.

YOKOHAMA, August 10.—According
to a vernacular paper, it appears that
the American Trading Company of Yo-
kohama, which had imported alcohol in

the form of "white whisky" some
months ago, has finally agreed to pay
the ad valorem duty of 250 per cent,
instead of the 40 per cent duty, at
which rate the trading company
thought itself justified in landing the
liquor in question.

SHIPPING NOTES.

The China took on 375 tons of coal at
this port.
The Claudine got away last evening
at 5 o'clock for Maui ports. She carried
a large number of passengers.
New heavy stringers are being put
in along the water line between the
two wharves of the Wilder Steamship
Company.

One of the band boys fainted on the
Pacific Mail dock while the China was
being played off. Captain Berger put
the sufferer in a hack and sent him
home.

The German ship Philadelphia, now
in port, will be ballasted by "Rex"
Hitchcock. He has the contract for
from 700 to 900 tons of stone. Competi-
tion for supplying ballast is red-hot
along the water front at present.

With the Change in Tariff

Comes a sweeping reduction in
the price of all goods of American
manufacture.

We have cut on every piece of
jewelry and silverware in the
house, and you will be surprised
at the great difference from for-
mer prices. No fear of compari-
sons here, where quality and pat-
tern are considerations.

What do you think of full-sized
solid silver teaspoons being re-
duced to \$8.00 a dozen, with en-
graving thrown in, and all ar-
ticles of silverware reduced in like
proportion.

These are by no means catch
prices, but regular prices which
will prevail here from now on, on
all the different lines of goods
from the States.

While reducing all our Ameri-
can goods we have not changed
the prices on any of our European
potteries, glass and chinaware,
and although the present cost is
forty per cent more than former-
ly, while out present very large
stock lasts we will sell at the old
rates. This is a very large saving
to you, and we recommend that
you make your purchases from
these lines now, before an ad-
vance becomes necessary.
